

## VACATIONS

What would you like to plan on spending on vacations over the next year? Be sure to include big trips, small trips, transportation, lodging, animal care while you're away and whatever else you'll be spending money on.

How many  
vacations do you like to  
take a year?

Is there  
any really big trip you  
should be saving for?

Do you take  
mini-vacations on the  
weekends? How often?

What do you  
want to spend  
on vacations next year?
